12. Notes

The Full Plans should contain relevant detail as listed for a building notice together with all other such plans as are necessary to show that any work to be carried out complies with the Building Regulations and the Building Act 1984. If you submit Full Plans the service will examine them and advise you of any necessary changes that are required to meet the Building Regulations. When considered satisfactory, a formal decision will be issued. A Full Plans application will be required for all buildings used as a workplace, and for all proposals that affect a sewer or drain shown on the relative map of public sewers.

Where the proposed work includes the erection or extension this notice shall be accompanied by the following;
A block plan to a scale of not less than 1:1250 showing;

- o The size and position of the building, or the building as extended, and its relationship to adjoining boundaries, together with any other building within that cartilage.
- o The provision to be made for drainage of the building or extension.
- o Where it is proposed to erect the building or extension over a sewer or drain shown on the relative map of public sewers, the precautions to be taken in building over a sewer or drain.
